

Luminaire

Ilbi+

109-301K-30GEE/830, W

Combining maximum usefulness with the minimalist design of Matúš Opalka gives you the Ilbi+ family of lighting. We have, moreover, added a dual function. In addition to lighting up the room indirectly, it charges electronic devices through an integrated USB port and acts as a suspension system for inserting hooks, handles or shelves. You can hang your clothes, place books, hang kitchen utensils, lay a towel or other everyday necessities on the luminaire. Ilbi+ luminaires are great for hotels, households, meeting rooms, and thanks to their IP 44 housing also for wellness centers, bathrooms and swimming pool dressing rooms.
